## Mental Health and Wellbeing

Hi, My name is Marieta May and I am excited to introduce myself as the Mental Health and Wellbeing Leader at Mildura Primary School in 2025. This position highlights and recognises the importance of Mental Health and Wellbeing in children.

The Mental Health in Primary Schools (MHIPS) initiative supports schools to employ a Mental Health and Wellbeing Leader. The program aims to build the capability of the whole school in developing knowledge, awareness and skills about mental health and wellbeing, improving student mental health outcomes, and social and emotional development skills. These skills and attitudes support academic engagement.

The role of the Mental Health and Wellbeing Leader is to focus on the promotion and prevention of mental health and wellbeing through implementation of programs, approaches and initiatives based on the needs of the school.

This includes:

- promoting a whole-school approach to mental health and wellbeing to students, staff and families
- supporting teachers and school staff to expand their capacity to embed evidence-based mental health strategies, interventions and programs and build mental health literacy to
- coordinating clear referral pathways internally (within school) and externally (to community services) for students identified as requiring further assessment and intervention

Please keep an eye on the school newsletter for further information.

Miss May
