GRADE TWO

In Maths, the grade 2 students worked together to make 1000.

They made 10s and 100s until they reached their goal. It was a lot smaller than they expected. We made it into a cube and spread it out into a line to see what it looks like.

Cricket Report

On March 7th Mildura Primary School competed in the District Cricket competition. We entered a boys team, a girls team, and joined other schools to form a mixed girls team. Each team played three games against Mildura South Primary School, Mildura West Primary School and Ranfurly Primary School. Our students showed great sportsmanship and demonstrated kindness, integrity, determination and safety. Although both the boys and girls teams didn't secure a win, they put in a great effort. The girls' team had an especially close match against Mildura South. With one ball to go they were in front, but a final wicket awarded the opposition five extra runs, resulting in a narrow loss.

Well done to all students for their teamwork and dedication!
